Fat Vampire Aug 20 2019 Now a new series on SYFY, Reginald The Vampire! Death Has a Brand New Appetite... When overweight treadmill salesman Reginald Baskin finally meets a co-worker who doesn't make fun of him, it's his own bad luck that tech guy Maurice turns out to be a two-thousand-year-old vampire. And when Maurice turns Reginald to save his life, it's just Reginald's further bad luck that he wakes to discover he's become the slowest, weakest, most out-of-shape vampire

ever created ... doomed to "heal" to his corpulent self for all of eternity. But as Reginald struggles with the downsides of being a fat vampire (too slow to catch people to feed on, mocked by those he tries to glamour, assaulted by his intended prey, and left for undead), he discovers rare powers in himself that few vampires have ... and just in time, because the Vampire Council wants him destroyed as an inferior representative of their race. Read the first book of Johnny B. Truant's blockbuster series, and you'll never look at vampires (or vampire stories) the same way again. "Laugh out loud funny and the laughs just keep coming. I am in for the whole series because I need to know what happens next to Reginald, the Fat Vampire. It is absurd, and yet oddly comforting and believable that even the Vampire world has out of shape and awkward individuals." -- AJ "I love a good vampire novel and Johnny B. Truant delivers on all levels. Humorous, suspense, action, gore, love story... it has all of these and excels at them. Twists and turns near the end of the story had me shouting out loud in my head towards certain characters and cheering Reginald, Maurice, and Nikki on! Looking for a new vampire story to sink your fangs into... buy this book!" -- Christian Burch "Truant has authored the most unique vampire novella I have ever read... I sincerely predict The Fat Vampire would become a most popular television series when producers learn of Truant's work." -- vinnieg "Just when you

think you'll never find a vampire novel again that doesn't involve bloodsuckers that look like they moonlight at American Apparel, here comes Reginald, 350-lb. office worker who, because he's in the wrong place at the wrong time, is turned into a vampire; now he's destined to be the out of shape, fat slob he's been all his life... forever. What, you thought he'd suddenly turn into Edward Cullen?" -- Phoenix59 "Reginald is a very relatable character. He's been hammered down his whole life because of his weight, and he just doesn't see an end in sight. Even after being turned into a vampire things are looking down. But despite everything he perseveres. Having grown up over-weight myself I felt this character was a great role-model, despite a few instances where let his stomach make decisions for him." -- Michael Loring Perfect for fans of Rick Gualtieri's Tome of Bill series or Drew Hayes' Fred the Vampire Accountant series, Fat Vampire is the story of an unlikely hero who, after having an imperfect eternity shoved into his grease-stained hands, must learn to turn the afterlife's lemons into tasty lemon danishes. Click to start your new favorite series. Casebook: Vampires Oct 14 2021 Vampires have long captured people's imaginations through books, movies, and even hit television shows. Vampire's Faith Jun 10 2021 A psychic doctor discovers her latest coma patient is a vampire in this paranormal romance from the New York Times–bestselling author of *Fated*. Vampire Ronan Kayrs wasn't supposed to survive the savage sacrifice he willingly endured to rid the world of the ultimate evil. He wasn't supposed to emerge in this time and place, and he sure as hell wasn't supposed to finally touch the woman who's haunted his dreams for centuries. Yet here he is, in an era where vampires are hidden, the enemy has grown stronger, and his mate has no idea of the power she holds. Dr. Faith Cooper is flummoxed by irrefutable proof that not only do vampires exist...they're hot blooded, able to walk in sunlight, and shockingly sexy. Faith has always depended on science, but the restlessness she feels around this predatory male defies reason. Especially when it grows into a hunger only he can satisfy—that is if they can survive the evil hunting them both. “If you want a hot, sexy vampire; a strong, resilient human doctor; action, danger, brotherhood, and warriors with a good dose of romance, love, and humor, get your hands on *Vampire's Faith*.”—Fresh Fiction “Hot and fast from beginning to end.”—Kate Douglas on *Fated* “Sizzling sex scenes and a memorable cast.”—Publishers Weekly on *Claimed* “A fast-paced, excitement-filled explosion of action... The Vampire in Lore and Legend Nov 22 2019 “Throughout the whole vast shadowy world of ghosts and demons there is no figure so terrible, no figure so dreaded and abhorred, yet [looked upon] with such fearful fascination, as the vampire, who is himself neither ghost nor demon, but yet who partakes the dark natures and possesses the mysterious and terrible qualities of both.” So begins this riveting study by one of the foremost authorities on witchcraft and occult phenomena. An indefatigable researcher, Summers explores the presence of vampires in Greek and Roman lore, in England and Ireland during Anglo-Saxon times, in Hungary, Czechoslovakia, Russia, Romania, and Bulgaria, even in modern Greece. More than just a collection of library lore, however, this detailed examination of the history of vampirism in Europe also includes anecdotes and firsthand accounts gathered by the author from peasants in places where belief in vampires was still common. A fascinating, sometimes terrifying book, *The Vampire in Lore and Legend* is a “mine of out-of-the-way information full of unspeakable tales,” writes *The New York Times*; and according to *Outlook*, “a fascinating inquiry into the vampire legend . . . a storehouse of curious and interesting lore.” Of

great interest to any enthusiast of the supernatural and the occult, this book will appeal as well to the legions of general readers captivated by this ancient myth.

The Vampire Sep 01 2020 An authoritative new history of the vampire, two hundred years after it first appeared on the literary scene Published to mark the bicentenary of John Polidori's publication of *The Vampyre*, Nick Groom's detailed new account illuminates the complex history of the iconic creature. The vampire first came to public prominence in the early eighteenth century, when Enlightenment science collided with Eastern European folklore and apparently verified outbreaks of vampirism, capturing the attention of medical researchers, political commentators, social theorists, theologians, and philosophers. Groom accordingly traces the vampire from its role as a monster embodying humankind's fears, to that of an unlikely hero for the marginalized and excluded in the twenty-first century. Drawing on literary and artistic representations, as well as medical, forensic, empirical, and sociopolitical perspectives, this rich and eerie history presents the vampire as a strikingly complex being that has been used to express the traumas and contradictions of the human condition.
