True Crime Case Histories - Volume 1 Jul 25 2019 Eight True Crime Stories of Murder & Mayhem First Book of the True Crime Case Histories Series (2019) A quick word of warning. The true crime short stories within this book are unimaginably gruesome. Most news stories, television crime shows and true crime documentaries tend to leave out the most horrible details about murder cases simply because they are too extreme for the general public. I have done my best to include full details of these stories no matter how sickening they may be. In these true crime stories you'll find that truth really is more strange and vastly more disturbing than fiction. In my first book as a true crime author I've started with a few of the stories that have haunted me for some time. Some of these stories are unbelievable in their brutality while others are astounding in the stupidity of the killers. You'll find a story of a religious evangelical christian who would rather strangle his wife and two young boys than lose his prominent job with the church. Then there's the story of a man that fills his wife's orifices with grease so she will be flammable from the inside. There's the story of the small-town doctor that goes through the unbelievable lengths of performing surgery on himself to avoid going to jail for raping his patients. Plus there're more stories of Serial Killers terrorizing cities and crime scenes that bring investigators and seasoned police to tears. This collection of stories are from all around the globe and have no common thread between them other than that they are both thought provoking and disturbing. The stories included in this anthology are dark and creepy and will leave you with a new understanding of just how fragile the human mind can be. The stories include: Fred Grabbe, James Patterson Smith, Dr. John Schneeberger, Chris Coleman, Michelle Bica, Mary Bell, Graham Dwyer, Lawrence Bittaker and Roy Norris (The Toolbox Killers). Serial Killers Aug 30 2022 Charles Manson was the illegitimate child of a teenage prostitute; in 1969, on his orders, eight people were hacked to death in an orgy of violence. Ted Bundy had the power to charm women. With his arm in a fake sling, he used to ask them to help him get his sailboat down off his car, but first they had to go to his house... Joanna Dennehy stabbed her lover Kevin Lee in the heart, dressed him in a black sequin dress, and dumped him in a ditch. To celebrate, she played Britney Spears' 'Oops!... I Did It Again' down her phone and then helped torch Lee's Ford Mondeo. Serial killers are the ultimate outlaws. They step outside not just the law but all human norms. They are fascinating because they are almost impossible to understand. It's comforting to know that all the serial killers featured here are now either dead or behind bars. Nevertheless, this book is not for people of a nervous disposition.

List Of 10 Jul 05 2020 "Gritty. True. Compulsively readable. This is his best book."-- Gregg Olsen, NY Times Best Selling Author A narcissistic professional photographer lived a dangerous double life as a serial killer. He'd focus his rage on prostitutes mostly. It wasn't uncommon for him to bring them home then try to explain why they were there to his wife. Sexual urges met, either via rape or after paying for kinky sex, the killer would strangle his victims and dump their bodies in places he knew the police would eventually find them. The evil murderer needed the world to know that he was smarter than the police and women meant nothing to him but a necessary sexual inconvenience. Then, by a stroke of chance and aggressive police work, the wheels of justice stumbled upon a lead. It was nothing more than a lined sheet of paper that read, "List of 10," but shortly after its discovery, a task force was created and a serial killer was nabbed. This book is about the victims he left behind, not the person who took their lives. I will never condone such actions, nor will I try to rationalize his behavior. He will go to the grave, hopefully sooner rather than later, knowing the identity of four women from his fabled List of 10. It's his sick way of showing people he's still in charge. His name is Joseph Naso, and this book will grip you from the beginning and won't let you go until the final word. EDITORIAL REVIEWS "Current law enforcement officer C.L. Swinney has put years of research into the bizarre case of serial killer Joseph Naso -- the California Alphabet Killer -- who had been murdering women since the 1970s but was only brought to justice in 2011. Swinney's "List of 10" is compellingly written in the tradition of classic hard-boiled true crime writing with the insights of a cop." - Peter Vronsky: Author of "Serial Killers: The Method and Madness of Monsters" AND "Times Square Torso Ripper" "Like the great Joseph Wambaugh, Chris Swinney writes with the kind of authenticity that comes from having worn the uniform of a law enforcement officer. Gritty. True. Compulsively readable. This is his best book." - Gregg Olsen: NY Times Best Selling Author "Chris Swinney writes with a cop's eye for the telling detail. He's the real deal." - Steve Jackson, NY Times Bestselling Author of "A Clockwork Murder"

PEE WEE Serial Killer or Homicidal Maniac Oct 27 2019 Pee Wee Gaskins killed without hesitation and apparently without remorse over and over again. He did so as he meandered in and out of maximum security prisons where he spent more than half of his life. Sentenced to reform school at age thirteen he honed his skills in the use of extreme violence. The horror of his crimes is played out against the backdrop of one of the most rural areas of South Carolina during the tumultuous change from absolute segregation to forced integration. In a lifestyle of absolute lawlessness Gaskins exercised a bizarre charismatic control over the women who surrounded him and ruled his little gang of miscreants with violence and murder. Sometimes driving a hearse and bragging of a private graveyard he maintained a macabre and confusing presence to those he encountered. Diminutive at five feet three inches and one hundred thirty

pounds he feared no man and struck fear in most. Undaunted by arrests and imprisonment he conducted a crusade of murder and mayhem over nearly three decades and killed more than fifty people. His motives were as varied as his methods.

Serial Killers Rage and Horror Aug 06 2020 Are you born a killer or are you shaped into one? How does one escape from his cell to start a 20+ victim killing spree? How incredible evil can one be to murder over 24 children in less than two years? These are questions we will dig deep into as we investigate eight serial killers and murderers in this addition to Serial Killers Rage and Horror. Serial killers both intrigue and disgust the average member of society, and many question why this is. Is it because they do seem such regular people in the daylight? Or perhaps it is simply because it is hard to fathom how someone can cross that ever-present line of what is right and what is most horribly wrong. One of the most unusual cases in this book surrounds the murders of several women in Canada by a totally unique method, which may surprise you. Another, the story of Robert Hansen will terrify you. And the cases of the Atlanta Child Murderer and the Ogre of the Ardennes will sicken you to the core. But, once you start reading this book, it will be extremely hard for your curious mind to stop.

2015 Serial Killers True Crime Anthology, Volume II Mar 01 2020 This is the second volume of the bestselling annual, *Serial Killers True Crime Anthology*, a collection of some of the best true crime writing on serial killers over the year. Several of these authors who appeared in Volume 1 of the Anthology, return this year to Volume 2 with new stories. *2015 Serial Killers True Crime Anthology Volume 2: Peter Vronsky* in the chilling story "Zebra! The Hunting Humans 'Ninja' Truck Driver Serial Killer" describes the carnage perpetrated in 2007 by Adam Leroy Lane, a long haul truck driving serial killer who after repeatedly watching in his truck cab a serial killer DVD movie he was obsessed with, forayed out in the night from Interstate highway truck-stops dressed in Ninja black to re-enact the movie scenes by killing and mutilating unsuspecting women in their homes until he was captured by a fifteen-year old girl and her parents when he attempted to kill her as she slept in her bedroom. RJ Parker in "Demons" introduces us to the little known story of Canada's serial killer Michael Wayne McGray who murdered men, women and children indiscriminately and whom even prison could not stop from continuing his killing. In the "Grim Sleeper" Parker describes the brutal crimes of Lonnie Franklin, Jr. who over a 23-year killing career, took a fourteen-year hiatus (thus his nickname) before resuming his murders of women in Los Angeles. Katherine Ramsland in "The Babysitter" brings us up to date on the still unsolved horrific 1976 mutilation child murders in Detroit that inspired Bill Connington's one-man Broadway play and Joyce Carol Oates 1995 novella *Zombie*. In "Really! The Other Guy Did It." Ramsland explores the bizarre case of serial killer Douglas Perry who after killing several women underwent a transsexual change into a woman, Donna Perry, who when apprehended, claimed the murders were perpetrated by his former male self who no longer existed. Ramsland asks, "Is guilt in the body or the soul?" Michael Newton in "Bad Medicine" and "Angel of Death" describes two serial killers where we least expect them: health care workers. Physician Dr. Harold Shipman who murdered 250 victims in Britain and might be history's most prolific serial killer, and the smiling mild mannered Ohio medical orderly 'Angel of Death' Donald Harvey, who confessed to murdering 87 helpless patients, stating, "So I played God." Sylvia Perrini, Britain's true crime chronicler of female serial killers in "The House of Horrors" revisits the notorious case of Rosemary West who teamed up with her husband Fred in the rape, torture and murder of ten young women in their rooming house, including her own daughter. In "The Mum Who Killed for Kicks" Perrini looks at the recent case of Joanne Dennehy, a mother of a thirteen-year old who inexplicably went on a thrill kill serial killing spree in which she tortured and murdered three men with a knife and attempted to kill two others. Kelly Banaski, a newcomer to true crime writing, brings us "Stripped of his medals and female panties", the strange case of a Canadian air force base commander, a colonel who piloted senior government officials and even the Queen of England, who suddenly began to commit a series of panty fetish burglaries that eventually escalated to horrific rape-torture murders of women. Enjoy and be horrified!!

And it took someone just as tough to bring him down. A mob contract killer known as "The Iceman" for hiding a body in an ice-cream truck freezer, Richard Kuklinski boasted a personal body count of more than a hundred victims. Using guns, knives, poison, ice picks, tire irons, baseball bats, and bombs, the family man from New Jersey killed for fun, for money, to cover up his own crimes, and to satisfy his inner rage. Law enforcement officials knew all about Kuklinski and had a list of his victims, but couldn't get near him—until undercover agent Dominick Polifrone posed as a mobster and began a deadly game of cat and mouse. In this harrowing true-crime account, Anthony Bruno delves into the mind of a cold-blooded killer, chronicling the Iceman's grisly crimes and probing the bizarre dynamics of Agent Polifrone's dangerous liaison with him. For as Polifrone carefully built up a case against Kuklinski, he knew he was running out of time—because the Iceman was planning to kill him too. "Bruno puts his writing talents to white-knuckle use with a tight focus on a killer with no human feelings."—Kirkus Reviews "Excellent . . . [re-creates] the tension and stress Polifrone experienced in fulfilling his risky undercover assignment."—Publishers Weekly

Murder in Wisconsin Oct 20 2021 While Wisconsin is now perhaps best known for its die-hard love of both the Green Bay Packers and its cheese, deep beneath the surface of Wisconsin history simmers a cesspool of nightmares that began before the term serial killer had been coined. The horror started when Ed Gein tried desperately to bring back his dead mother by first exhuming bodies, then by killing in order to harvest female body parts that he himself would wear. His story sparked a nation's macabre fascination with American serial killers, though its bizarre tale of grave robbing and decorating with the dead meant that when other true crime stories surfaced from the state, no one was terribly surprised. Ed Gein was among the first to undergo criminal profiling - was he transgender, a woman trapped in a man's body, or did he really just miss his mother? - but he would not be the last. Wisconsin's infamous list of true crime serial killers includes the lonely Jeffrey Dahmer, who attempted science experiments in hopes of creating a sex slave to call his own, sex criminal David Spanbauer, who preferred raping little girls when he got the chance, and Walter Ellis, who preyed on prostitutes because he thought he would be able to get away with it. Turns out, he could, for more than a decade. Wisconsin is full of secrets, and very bad men. This biography of four prolific serial killers steps into the heart of the state's madness, and is likely to make their nightmares yours, at least for a spine-tingling night or two, especially when you realize that what happens in the movies is sometimes horrifyingly real.

Confession of a Serial Killer Nov 28 2019 In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for the brutal treatment of victims and for the ordinary public face that Rader, a church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.

Serial Killers: Most Horrific Serial Killers Biographies, True Crime Cases, Murderers Sep 18 2021 Serial Killer Book That You Have Never Seen Before! Analysis Of Criminal Minds, Patterns, Thinking, Reasons Why They Did What They Did! It is not in the natural wiring of a man (or woman) to take another man's life. It is even more unnatural when the person has a compulsion to keep taking lives, so that he satisfies some twisted craving. The psychology of serial killers is a bit difficult to explore. The reason is that it is not something that is set in rigid boundaries. It appears that after every murder, an extra layer is added to it. It also appears that the humane side of a serial killer dies a little more with every killing. Do you want to learn more about serial killers? Are you interested in knowing what led them down that path? If you do, this book does a great job of looking at what drove the different people to serial killers. It is important to note that nothing justifies taking life but rather we try to look at what made sense in the eyes of the serial killer to do what they did and with no remorse for their actions. Summary of Ben Oakley's Bizarre True Crime Volume 1 Dec 30 2019 Please note: This is a companion version & not the original book. Sample Book Insights: #1 Charles Walton, a 74-year-old local gardener and hedge cutter, was murdered in 1945. His body was found the same night on Firs Farm, on Meon Hill, Warwickshire. His death remains the oldest unsolved murder in Warwickshire. #2 Charles Walton, an old man who lived on his own, had been murdered. He had been beaten with his own stick and his neck had been cut open with the cutting hook. The pitchfork had been driven through his neck, pinning him to the ground, and the cutting hook was left embedded in the side of his neck. #3 The police arrested Alfred Potter, the local farmer, for the murder. He had been drinking with another farmer, and had seen Walton cutting hedges shortly after the murder. It was believed that he had been killed at around 2 p. m. #4 The murder of Walton was never solved, but it was believed that Potter had killed him. He was never charged, but the local police were suspicious of him. He was a farmer, and he had the strength to overpower Walton and push the pitchfork through him. But he said that he had only touched the murder weapons when he first arrived at the scene.

Christmas Slay Ride Feb 09 2021 There's never a good time to die violently, but Christmas tragedies are especially heinous. Christmas is a time for Peace on Earth and Good Will Toward Men. Holiday bloodshed feels like a sacrilege, but it does happen. Whether by accident or deliberate malice, scores of people have been killed on December 25 or the days surrounding it. This volume contains seven accounts of unnatural deaths that occurred on or around Christmas Day: * *The Ashland Tragedy*: On December 24, 1881, three burned corpses were pulled from a house in Ashland, Kentucky. They belonged to teenagers Robert Gibbons, Fannie Gibbons, and Emma Carrico, who had all been bludgeoned to death. The girls had also been sexually assaulted. A formerly quiet Kentucky town was plunged into a nightmare fueled by grief and lust for revenge. * *Christmas Eve Combustion*: On Christmas Day, 1885, Patrick Rooney and his wife were found dead in their home in Seneca, Illinois. Rooney died from smoke inhalation, caused by his wife's body suddenly bursting into flames. It is an early and sensational case of spontaneous human combustion. * *Delia's Gone*: Early on Christmas morning in 1900, fourteen-year-old Moses "Cooney" Houston murdered his lover, Delia Green, who was the same age. Because Georgia had no youth justice system, Cooney Houston was charged as an adult. The senseless crime shocked the citizens of Savannah, Georgia, and inspired songs later recorded by Johnny Cash and Bob Dylan. * *The Holyhead Horror*: On Christmas Day, 1909, a horrific murder took place in North Wales. Gwen-Ellen Jones was killed by her ex-soldier lover, William Murphy, in a manner so depraved that even in an era when domestic violence was commonplace, people were shocked. The murder and subsequent execution of William Murphy are still talked about in Holyhead today. * *Changing of the Guard*: Early on the morning of December 26, 1920, New York underworld legend Edward "Monk" Eastman, was shot down by a crooked Prohibition agent, ending a thirty-plus year career marked by murder and mayhem. Eastman, who had once ruled the roost in Manhattan's Lower East Side, died in a freezer gutter. * *The Adonis Club Massacre*: December 25, 1925 was the last Christmas on earth for Irish gangster Richard "Pegleg" Lonergan. He and his White Hand gang had taunted, abused, and killed their Italian rivals for years. Finally, when Lonergan and his boys went to the Italian-owned Adonis Social Club, their resentful enemies got even. * *Lawson Family Massacre*: On December 25, 1929, North Carolina tobacco farmer Charlie Lawson murdered his wife and six of their seven children. The reason for this brutal act is a subject of debate even today, but may be attributable to a terrible family secret that remained hidden until 1990. All of these events took place in the distant past. People who knew the victims, remembered the circumstances of their demise, or were directly involved in the investigations are dead. That's why these cases were chosen for this book. The passage of time has transmuted them into tragic mysteries, ensuring that they arouse astonishment, sympathy, and indignation instead of the grief and personal loss that is at odds with the holiday season. Serial Killers True Crime Jan 11 2021 Chilling True Crime Cases Of The Worlds Most Twisted Serial Killers And Criminals A lot of people have hobbies - most of the time, that hobby is directed by their penchant for a certain thing; sometimes travel and exploration, sometimes food, and in other cases, crafts. Serial killers often act unpredictably - even experts who study them agree that there is no telling how they will react once they have completed a murder. Many of them become perfectionists, often using the same MO throughout their killing spree and fine tuning it to suit their tastes. Others become braver and take more risks to increase the adrenaline rush. For others, each murder becomes more brutal than the next, while in some cases, they virtually stop - as if their need to kill had been sated appropriately. All we can say for certain is that it is an area of interest for many people and that many movies, books and television shows have been created in response to this. In this book, you will learn of 5 people whose desire to murder was sated - learn how they started, why did they did it, and how they were captured...
