A Guide to Natural Areas of Northern Indiana Sep 26 2019 Beautiful and pristine, the natural areas of Indiana are perfect for nature lovers with a desire to explore. Featuring more than 140 beautiful color photos, *A Guide to Natural Areas of Northern Indiana* showcases the region's unique ecosystems and includes descriptions of the flora, fauna, geology, history, and recreational opportunities. For those who want excitement, there is information on hiking, camping, bird watching, horseback riding, boating, and more. Environmental writer and photographer Steven Higgs takes readers to the most exquisite natural areas across the region, including the JD Marshall underwater shipwreck preserve in Lake Michigan, the Indiana Dunes State Park, the Hoosier Prairie Nature Preserve, the Valparaiso Moraine, Spicer Lake, and many more. A must-have book for the explorer or nature lover, *A Guide to Natural Areas of Northern Indiana* is the perfect resource for travelers who want to learn more about the region's distinctive natural heritage.

The Field Guide to Dumb Birds of North America May 15 2021 National bestselling book: Featured on Midwest, Mountain Plains, New Atlantic, Northern, Pacific Northwest and Southern Regional Indie Bestseller Lists Perfect book for the birder and anti-birder alike A humorous look at 50 common North American dumb birds: For those who have a disdain for birds or bird lovers with a sense of humor, this snarky, illustrated handbook is equal parts profane, funny, and—let's face it—true. Featuring common North American birds, such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Matt Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. With *The Field Guide to Dumb Birds of North America*, you won't need to wonder what all that racket is anymore! • Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. • The essential guide to all things wings with migratory maps, tips for birding, musings on the avian population, and the ethics of birdwatching. • Matt Kracht is an amateur birder, writer, and illustrator who enjoys creating books that celebrate the humor inherent in life's absurdities. Based in Seattle, he enjoys gazing out the window at the beautiful waters of Puget Sound and making fun of birds. "There are loads of books out there for bird lovers, but until now, nothing for those that love to hate birds. *The Field Guide to Dumb Birds of North America* fills the void, packed with snarky illustrations that chastise the flying animals in a funny, profane way. " – Uncrate A humorous animal book with 50 common North American birds for people who love birds and also those who love to hate birds • A perfect coffee table or bar top conversation-starting book • Makes a great Mother's Day, Father's Day, birthday, or retirement gift

Also published as part of the Rough Guide to Croatia. The Rough Guides Snapshot Croatia: Northern Dalmatia is equivalent to 68 printed pages.

Civil War Road Trip, Volume I: A Guide to Northern Virginia, Maryland & Pennsylvania, 1861-1863: First Manassas to Gettysburg (Vol. 1) Jul 29 2022 The new, amazingly detailed, and thorough guide from the author of The Complete Civil War Road Trip Guide. Although the Civil War was fought across America, the most captivating events for history buffs seem to be those that occurred in the relatively small region surrounding the two wartime capitals, Washington, DC, and Richmond, Virginia. In The Civil War Road Trip: A Guide to Northern Virginia, Maryland, and Pennsylvania, author Michael Weeks takes you on complete tours of every major military campaign in the region during the first two years of the war, from First Manassas in 1861 to Gettysburg in 1863. Weeks has visited every site included here, learning their vibrant stories and driving thousands of miles to bring readers the most accurate information. Detailed directions and maps for your own road trip, along with a blow-by-blow history of each campaign, will guide you to and through some of the war's most critical battlegrounds, including Fredericksburg, Antietam, and the Shenandoah Valley. Travel tips, historic lodging places, and further sources of information are also included. Fully up to date and thoroughly researched, this guidebook is indispensable for travelers interested in America's history.

Guide to Northern Constellations Sep 30 2022 This is a beginner's guide to the major stars and constellations visible with the

naked eye in the northern hemisphere. This brief introduction will help the novice to get his or her bearings in the night sky. Insiders' Guide® to North Carolina's Outer Banks Jan 29 2020 Insiders' Guide to North Carolina's Outer Banks is the essential source for in-depth travel and relocation information. Written by a local (and true insider), it offers a personal and practical perspective of this beautiful coastal land and its surrounding environs. Published annually, this guide is fully revised and updated and features a new interior layout and a new cover treatment.

Caterpillars of Eastern North America Jun 23 2019 "Many caterpillars are illustrated here for the first time. Dozens of new foodplant records are presented and erroneous records are corrected. The book provides considerable information on the distribution, biology, and taxonomy of caterpillars beyond that available in other popular works on Eastern butterflies and moths. The introductory chapter covers caterpillar structure, life cycles, rearing, natural enemies, photography, and conservation. The section titled "Caterpillar Projects" will be of special interest to educators." "Given the dearth of accessible guides on the identification and natural history of caterpillars, Caterpillars of Eastern North America is a must for entomologists and museum curators, forest managers, conservation biologists and others who seek a compact, easy-to-use guide to the caterpillars of this vast region."--BOOK JACKET.

Peterson Field Guide to Birds of Northern Central America Aug 18 2021 A field guide covering approximately 820 species of birds found in Belize, Guatemala, El Salvador, and Honduras

Sections include History of the Northern Lights Our modern understanding Hunting the Aurora Borealis Photographing the Lights Glossary of terms

Northern Spy Aug 25 2019 Reese's Book Club Pick Instant New York Times Bestseller A New York Times Book Review Top 10 Thriller of 2021 A Washington Post Top 10 Thriller or Mystery of 2021 "If you love a mystery, then you'll devour [Northern Spy] . . . I loved this thrill ride of a book."—Reese Witherspoon "A chilling, gorgeously written tale . . . Berry keeps the tension almost unbearably high." —The New York Times Book Review The acclaimed author of Under the Harrow and A Double Life returns with her most riveting novel to date: the story of two sisters who become entangled with the IRA A producer at the BBC and mother to a new baby, Tessa is at work in Belfast one day when the news of another raid comes on the air. The IRA may

have gone underground in the two decades since the Good Friday Agreement, but they never really went away, and lately bomb threats, security checkpoints, and helicopters floating ominously over the city have become features of everyday life. As the news reporter requests the public's help in locating those responsible for the robbery, security footage reveals Tessa's sister, Marian, pulling a black ski mask over her face. The police believe Marian has joined the IRA, but Tessa is convinced she must have been abducted or coerced; the sisters have always opposed the violence enacted in the name of uniting Ireland. And besides, Marian is vacationing on the north coast. Tessa just spoke to her yesterday. When the truth about Marian comes to light, Tessa is faced with impossible choices that will test the limits of her ideals, the bonds of her family, her notions of right and wrong, and her identity as a sister and a mother. Walking an increasingly perilous road, she wants nothing more than to protect the one person she loves more fiercely than her sister: her infant son, Finn. Riveting, atmospheric, and exquisitely written, *Northern Spy* is at once a heart-pounding story of the contemporary IRA and a moving portrait of sister- and motherhood, and of life in a deeply divided society.

The Northern Monkey Survival Guide Dec 10 2020 For too long northerners have faced derision at the hands of southerners, whether it be about the northern climate, their thriftiness, or gloomy outlook, but all this is about to change. Field Guide to the Birds of North America Sep 06 2020 Presents a guidebook which provides identification tips, information on behavior and nesting, locator and range maps, and plumage and species classification data on over one thousand species of birds found in North America.

The WPA Guide to North Dakota Jul 25 2019 During the 1930s in the United States, the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. According to the WPA Guide to North Dakota, there is more to the Northern Prairie State than meets the eye. Primarily an agricultural state, cattle ranching and the pioneer spirit are ever-present in this guide. Also, beautiful photographs of the Great Plains make this a visually pleasing guide the Peace Garden State.

The Official Illustrated Guide to the North-Western Railway (including the Chester and Holyhead line), and all their branches: including descriptions of the most important manufactories in the large towns on the lines Nov 08 2020

Guided by the Stars Sep 18 2021 A Father's Dying Wish . . . After Dr. Hannah Shaw's four-year-old daughter is released from the hospital following a serious bout of pneumonia, graduating from her medical residency is anticlimactic. When a deathbed letter arrives from a father she's never met—or wanted to meet—offering a free, two-week vacation on Polaris Island, Hannah is

skeptical, but decides the timing couldn't be more perfect. What better way to relax and recharge before starting her new job as a family practitioner in St. Louis? Marine biologist, Luke Baldwin, provides whale watching tours to subsidize his research on the island, keeping his distance from the tourists after tragically losing his girlfriend a year ago. Yet the moment he sees Hannah and Bree, he finds he can't stay away. In no time at all, the little girl, and her stunning mother wiggle their way into his heart.

Hannah feels instantly at home in the small town and enjoys every aspect of life on the island. Bree even loves fishing! One medical catastrophe after another has her reimagining her future as a physician on the island. Until the truth about her father and her need to protect Bree from heartbreak bring reality crashing in. With her trust shattered into tiny pieces, Hannah isn't sure which way to turn. Will she allow Luke to guide her on the path to everlasting love? resort romance, heartwarming contemporary romance, small town romance, romance with children, secret inheritance, second chance romance, secret sisters series, sisters fiction, romance series set in Alaska, hallmark romance, humorous romance, feel good romance books

Peterson Reference Guide to Sparrows of North America Mar 01 2020 Sparrows are as complicated as they are common.

This is an essential guide to identifying 76 kinds, along with a fascinating history of human interactions with them. What, exactly, is a sparrow? All birders (and many non-birders) have essentially the same mental image of a pelican, a duck, or a flamingo, and a guide dedicated to waxwings or kingfishers would need nothing more than a sketch and a single sentence to satisfactorily identify its subject. Sparrows are harder to pin down. This book covers one family (Passerellidae), which includes towhees and juncos, and 76 members of the sparrow clan. Birds have a human history, too, beginning with their significance to native cultures and continuing through their discovery by science, their taxonomic fortunes and misfortunes, and their prospects for survival in a world with ever less space for wild creatures. This book includes not just facts and measurements, but stories--of how birds got their names and how they were discovered--of their entanglement with human history.

Green Travel Guide to Northern Wisconsin Aug 30 2022 Green Travel Guide to Northern Wisconsin showcases the best green restaurants, lodgings, shops, and activities in Wisconsin's Northland. Learn about exploring the cliffs and caves of the Niagara Escarpment while biking the Door Peninsula. Carpool to the Midwest Renewable Energy Fair in Custer where you can stay at a nearby solar-powered inn. Take an all day eco-geo-history tour of the north woods near Hayward, explore the Chequamegon-Nicolet Forest, kayak the Mississippi River backwaters, and much more.

Guide to Northern Archaeology Mar 25 2022

Bird Tracks & Sign Dec 30 2019 Songbirds, waterfowl, owls, shorebirds, warblers, woodpeckers, nightjars, birds of prey
Dozens of feather groups photographed in color A sighting in the field is just one way birders can identify bird species.

Observant nature-lovers can discover what birds are where by examining tracks, trails, and a variety of bird sign: discarded

feathers, feeding leftovers and caches, pellets, nests, droppings, and skulls and bones. This fully illustrated guide--the first of its kind for North American birds--presents thorough and straightforward instruction for identifying bird families or individual species by careful examination of the unique sign they leave behind. It also offers keys to the birds' behavior in the wild.
